

Congregational Survey
October 2023

RockPointe,

Thank you for taking the time to complete the congregational survey we circulated over the summer. A high level summary and some of the charts are included here for your review.

The elders will continue to review the data in our November retreat and will pray about the common themes we see in the survey results and comments. We will continue to communicate action items as we seek to love like Jesus loves and live like Jesus lives.

Summary:

- We received a total of 174 responses.
- The average RockPointe attendance of responders was 14 years.
- Prayer: The majority (59%) would describe RockPointe as a people of prayer.
- Connecting: Many spoke to the importance of connecting with one another, especially as it relates to the importance of small groups.
- Equipping: The majority feel RockPointe has equipped them (80%), with the most common answer being through a deepening of our faith (71% of the 80%).
- Outward Movement: 47% of us regularly interact with those who do not yet know Jesus and we would feel most confident in sharing our faith with others if we were doing it alongside others (51%).
- Spiritual Health: 91% of us feel we are growing more mature in our faith. Our strongest spiritual disciplines are prayer and scripture reading, with fasting being our weakest.
- There were many helpful comments around frequency, timing and content of communications. Some aspects of this feedback have been incorporated into a new communication channel being released in early October, with further improvements still to come.

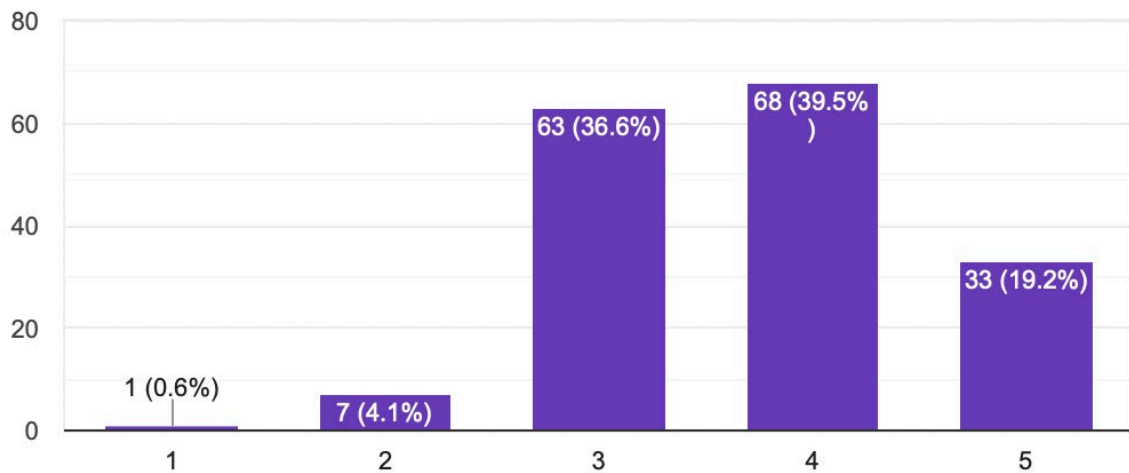

Summary Charts:

Section 1: Prayer

1. I would describe the RockPointe congregation as a people of prayer.

172 responses

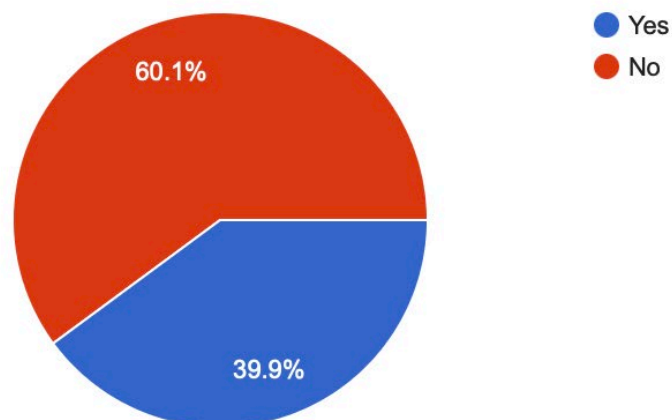

Section 2: Connecting

5. Are you currently in a discipling relationship with another person, where both of you are committed to growing your relationship with Jesus alongside one another?

173 responses

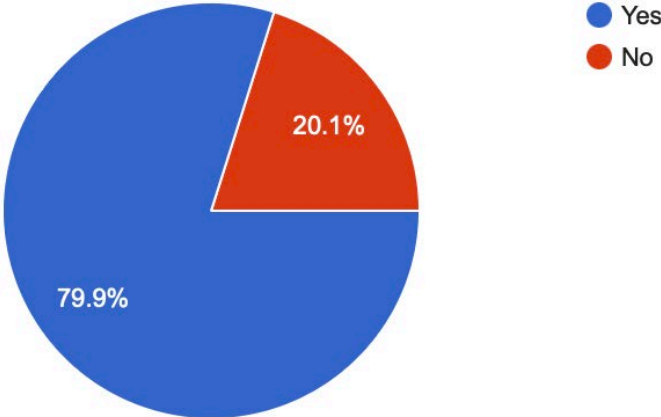

Section 3: Equipping

10. Has RockPointe helped to equip you to serve others?

 Copy

164 responses

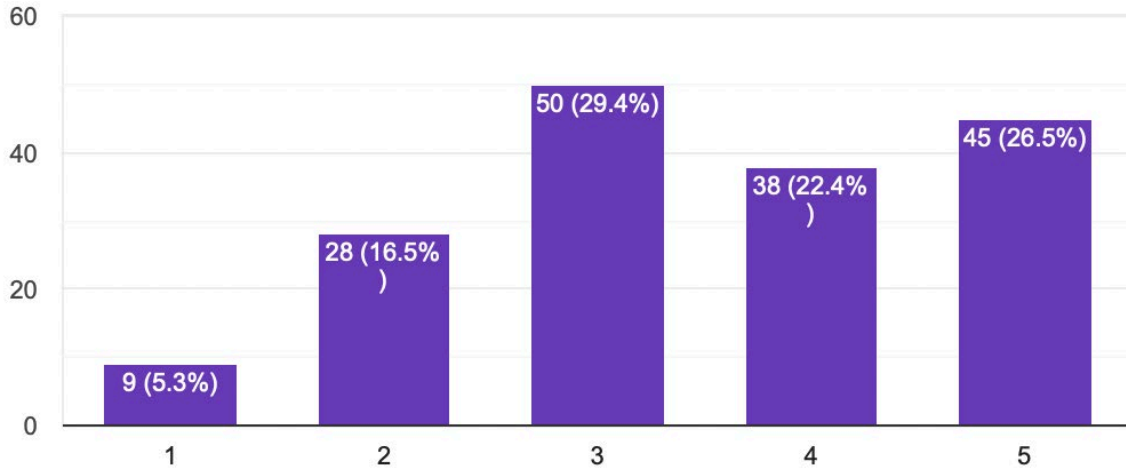

Section 4: Outward Movement

6. I am intentionally building relationships with non-believers in order to share Christ with them.

170 responses

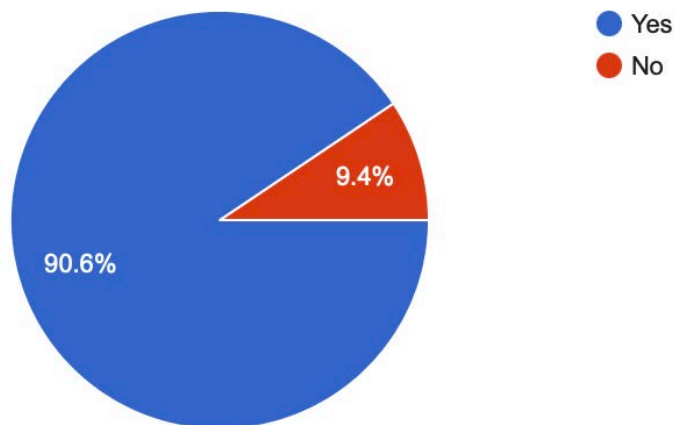

Section 5: Spiritual Health

1. Do you feel you are growing more mature in your faith?

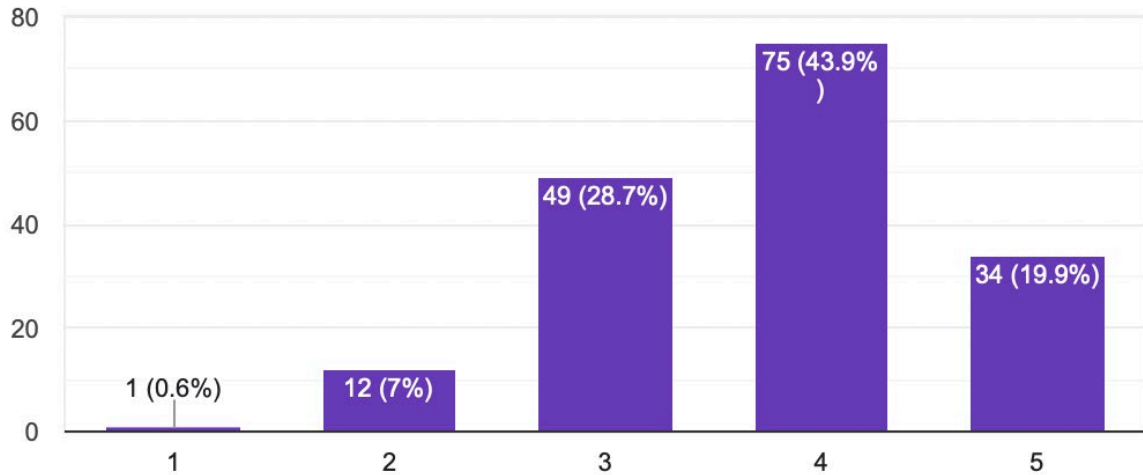

170 responses

2. I have an active and healthy prayer life.

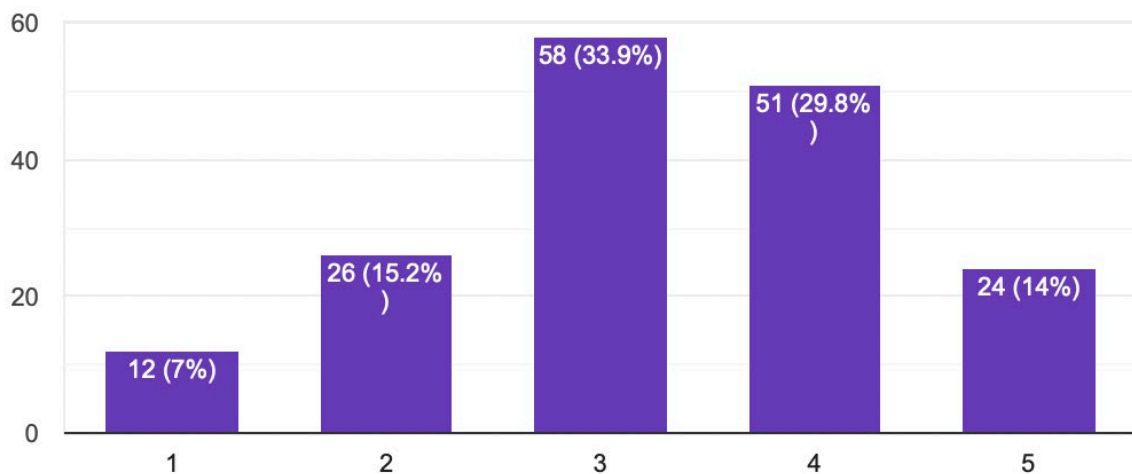

171 responses

3. I regularly engage in the spiritual disciplines of silence and solitude.

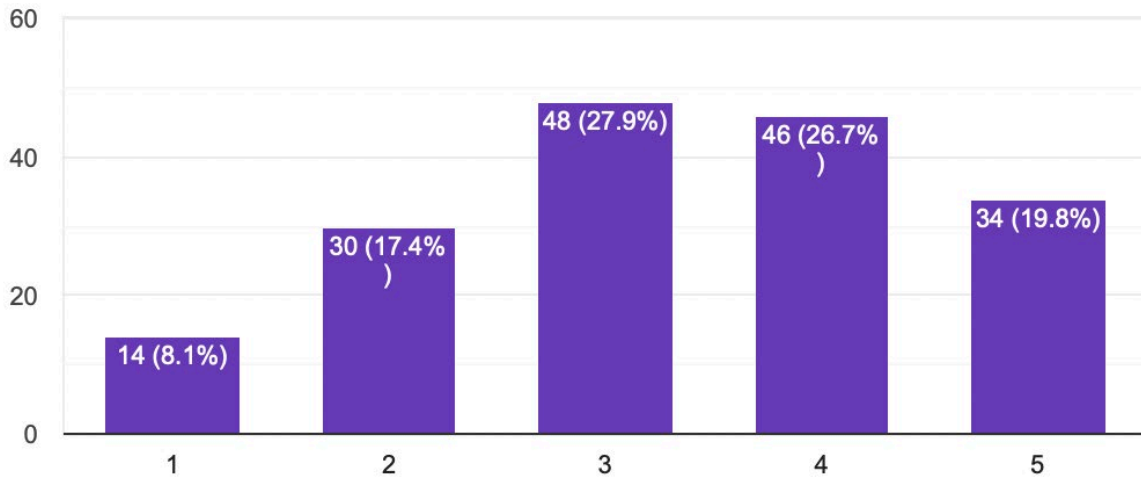

171 responses
